

CCINW Meeting

Wednesday November 6th, 2013

"Building a Carpet Cleaning Plant"

Speaker: Thea Sand

In moving Emmanuel's Inc. to a new location, Thea decided to use the blank slate of an unfinished building to set up her wash plant for today's way of doing business. After a year of design and frustration with building codes and construction, it is nearly finished.

She is inviting CCINW members to hear the story and see her new shop.

Members who attended The Experience will also give us a recap of the event.
