The summer is over! Let's get back to work. We have survived the summer and everyone is noticing their carpets need cleaning. We have Connections at the end of the month and our Cleaning College Oct. 15 & 16. Let the fall begin!

Real Issues. Real World. Real Answers. CCINW CLEANING COLLEGE

October 15-16, 2010 | Tukwila, WA

October 15-16, 2010

What's a Cleaning College? It's a two-day event at [Interlink Supply in Tukwila, WA](#) that brings together several short, fast-paced courses of instruction. There is no time wasted if you want to attend one course, and if you want to attend all, you save time that would have been spent traveling to multiple locations.

At this point, we intend to present an intense [seminar on using social networking](#) with an emphasis on utilizing free web tools, a seminar on [using dry dye sticks to repair color](#), a color repair course, [bloodborne pathogen training](#) and a rug ID and hands-on cleaning course. A final line-up and pricing will be announced as soon as contracts with presenters are finalized. Keep an eye on the CCINW calendar page for more information.
